General

Vince Foley called the meeting to order.

Diane Best explained that a posting error had occurred for the previous day's meeting. The posted notice listed the wrong date.

The Commission then discussed scheduling of pending complaints. A consensus was again reached that a meeting should be held on April 25, 2005 in Plankinton with arguments of 10 minutes for each side. Chairman Foley again directed Diane Best to issue a schedule accordingly.

Meeting was adjourned.
